# AUGUST PROJECT HIGHLIGHT

## Brown Middle School Newton, MA

Lockheed Window Corp. nears completion of the \$2.4+ million renovation project to the Brown Middle School located in Newton, Massachusetts. The project consists of Lockheed's Series 6125 Aluminum Thermally Broken Projected Window System and Special-Lite Entrance doors.

The project, owned by the City of Newton, Massachusetts is represented by the prestigious architectural firm of Knight, Bagge & Anderson, Inc. of Charlestown, Massachusetts.

*The project consists of 776 Series 6125 Aluminum Thermally Broken Projected Windows System manufactured by Lockheed Window Corp. All the units are being installed by Lockheed's own certified construction crew. Also installed were 19 storefront units and doors purchased from Special-Lite Inc., a company located in Decatur, Michigan that has been manufacturing high-performance entrance systems since 1971.*

Lockheed Window Corp. has over thirty years of commercial market experience in institutional organizations such as schools, colleges, hospitals, private and public housing complexes, condominiums and office complexes. We provide experienced on-site engineering for all installed products. All of our commercial sales projects are insured and most are bonded. All projects are installed by our own certified installers. We do not utilize subcontractors.

**"Our commitment to our customers is to provide the most competitive price for a quality project in an acceptable time frame with outstanding customer service."**
