PROJECT **FEBRUARY** HIGHLIGHT

**NEWTON
 NORTH
 HIGH
 SCHOOL**

Construction of the new Newton North High School, located in Newtonville, MA was completed in late 2010. The owner of the project is the Town of Newton, Massachusetts. Dimeo Construction Company of Providence, RI acted as the General Contractor. The architect of record was Dore & Whittier Architects of Vermont/Massachusetts in partnership with Gund Partnership as the Design Architects.

The project consisted of 372 EFCO 590 Series Fixed and Project Out windows, 90 EFCO 5600 Series Curtain Wall units, 75 EFCO 401 Interior Storefront openings, and 68 EFCO D618 Heavy Duty Wide Stile doors. WASCO Pinnacle 300 Skylights and Kalwall Pyramid Skylights were also installed. Kalwall Corp. also provided 12 Interior Translucent Wall Panels to be used in the construction. All windows, doors, skylights and panels were professionally installed by Lockheed Window's installation crew.

The new school will be a LEED certifiable facility. With a population of nearly 2000 students, it is one of the largest and most expensive high schools ever built in Massachusetts, with a price tag of nearly USD\$200 million.

Lockheed Window Corp. has over thirty years of commercial market experience in institutional organizations such as schools, colleges, hospitals, private and public housing complexes, condominiums and office complexes. We provide experienced on-site engineering for all installed products. All of our commercial sales projects are insured and most are bonded. All projects are installed by our own certified installers. We do not utilize subcontractors.

"Our commitment to our customers is to provide the most competitive price for a quality project in an acceptable time frame with outstanding customer service."
