Since 1955

## NOVEMBER PROJECT HIGHLIGHT

### Bourne High School Bourne, MA

Renovations are complete to the Bourne High School, located in Bourne, Massachusetts.

Acting as the General Contractor, Lockheed Window Corp. completed the renovation in partnership with Russo Barr Associates, an Architectural firm based out of Burlington, Massachusetts.

The project consisted of 883 Series 6125 Thermally Broken Projected window units and entrance doors manufactured by Lockheed Window Corp. The windows were manufactured in the color purple to match the school colors.

All existing window units were demolished, removed and the new window units and entrance doors were installed by Lockheed's own certified construction crew.

Lockheed Window Corp. has over thirty years of commercial market experience in institutional organizations such as schools, colleges, hospitals, private and public housing complexes, condominiums and office complexes. We provide experienced on-site engineering for all installed products. All of our commercial sales projects are insured and most are bonded. All projects are installed by our own certified installers. We do not utilize subcontractors.

**"Our commitment to our customers is to provide the most competitive price for a quality project in an acceptable time frame with outstanding customer service."**
