

November Project Highlight

Cambridge Rindge & Latin School Cambridge, Massachusetts

Renovations are complete to the Cambridge Rindge & Latin School located in Cambridge Massachusetts. The property is owned by the city of Cambridge. The architect for the project was HMFH Architects of Cambridge and the General Contractor was Consigli Construction of Milford, Massachusetts.

The project was done in five phases over a period of three years. Lockheed Window Corp. was involved in three phases of the renovation.

The window portion of this project consisted of two different window systems. Graham Architectural Products Series 6900 4 ½" Projected Window Systems were utilized in the Arts Wing of the complex. There were approximately 187 fixed units and 79 project out over project out units installed into 50 window openings. The remaining portion of the project was composed of Graham Architectural Products Series 6700 2 ¼ Projected Window Systems. There were over 175 punched window openings and the majority of the curtainwall openings had the Series 6700 window system glazed into it. The curtainwall system used for this project was the EFCO Series 5600 system. There were approximately 180 curtainwall openings that were removed and new material installed.

Also included in the project was the replacement of 4 pair and 27 single exterior entrance doors. The Special-Lite FRP SL-17 and SL-16 Flush Aluminum entrance doors were chosen in several different colors. All exposed aluminum was provided in a 3 coat Kynar Black painted finish.

Lockheed Window Corp. has over thirty years of commercial market experience in institutional organizations such as schools, colleges, hospitals, private and public housing complexes, condominiums and office complexes. We provide experienced on-site engineering for all installed products. All of our commercial sales projects are insured and most are bonded. All projects are installed by our own certified installers. We do not utilize subcontractors.

"Our commitment to our customers is to provide the most competitive price for a quality project in an acceptable time frame with outstanding customer service."
