Construction was completed on the Village School, located in Marblehead, Massachusetts. The General Contractor was Groom Construction of Salem, MA. The owner of the project is the Town of Marblehead and the Architect was SMMA of Cambridge, MA.

Lockheed's certified installation crew installed the windows and storefronts for the project.

The project consisted of 319 Series 6800 Fixed and Fixed over Project Out window systems manufactured by Graham Architectural Products of York, PA. The Graham 6800 Series window has an exterior sloped glazing leg simulating a putty glazed profile.

The storefront framing, entrance doors and sunshades were provided by Old Castle BE, of Warwick, RI, in a clear anodized finish.

The Village School is a public lower middle school serving grades four through six with approximately 700 students.
